

Dice Graph Challenge - Probability Worksheet

Name: _____

Date: _____

Instructions:

1. Use a D8 or D10 die (available at <https://FreeOnlineDiceRoller.com>).
2. Roll the die 50 times and record each outcome.
3. Tally how many times each number appears.
4. Use the chart below to create a bar graph of the results.

Face	Tally Marks	Frequency
1		
2		
3		
4		
5		
6		
7		
8		
9		
10		

Graph Area:

Use this space to draw your bar graph. Label both axes appropriately.
